

THE NORTHWEST MISSOURIAN

Official Student Publication of Northwest Missouri State Teachers College

VOL. 20

MARYVILLE, MISSOURI, WEDNESDAY, SEPTEMBER 13, 1933.

No. 1.

WELCOME UPPERCLASSMEN

FOUR ADDITIONS ARE MADE TO THE FACULTY GROUP

MUSIC DEPARTMENT, RESIDENCE HALL AND PHYSICAL EDUCATION DEPARTMENT VACANCIES FILLED.

ALL WELL QUALIFIED

President Lamkin Speaks Highly Of New Appointments to Various Departments and Hall.

(Pictures on Page 3)

Dr. Lamkin has announced the appointments of new faculty and staff members for the coming year. In an interview this week Mr. Lamkin said that he had the utmost confidence in the new appointees and spoke highly of their recommendations and qualifications for their respective positions.

Miss Margaret Stephenson of Cedar Falls, Iowa has been appointed Social Director of Residence Hall to fill the vacancy left by Miss Neely, who was in charge during the past summer. Miss Stephenson has been connected with the guidance of young women for several years. She comes highly recommended by her former associates and those under whom she studied. She has been recently connected with the Oklahoma City high schools as supervisor of guidance for young women. During the past few summers she has traveled in Europe and has on three occasions conducted tours through twelve European countries. In remarking about his selection of Miss Stephenson, President Lamkin said that from his interview with her he concluded that her personality and her genuine interest in her work would make many friends for her among the young women at the dormitory and with others connected with the school. Miss Stephenson has done much in the leadership of young women as can be seen from a list of her activities elsewhere. She has done work with all types of girl clubs and organizations.

C. James Velle will head the department of public school music and director of the Conservatory. Mr. Velle re-

(Continued on Page Four)

1934 TOWER WILL BE EDITED BY PAUL SHELL OF SKIDMORE

VIRGIL T. YATES OF BETHANY
WILL HAVE CHARGE OF BUSINESS MANAGER'S JOB.

Work Has Already Begun on the College Annual to be Issued Some Time in May.

Plans are well under way for work on the 1934 Tower, the College Year Book. Contracts have been let for the engraving, and printing and the theme of the book selected. The real hard work on the book has just begun. The complete staff will be selected soon to start the work. The Tower is published by the Junior class and the staff will be chosen from among the Juniors. Three Sophomores will be chosen as staff assistants, to aid the regular staff.

This year's book will be edited by Paul Shell of Skidmore. Mr. Shell was elected by the Sophomore class at the close of the Spring quarter, and has been at work on the Tower since that time. Virgil Yates was elected business manager at the same time and will have charge of that end of the job. Both Mr. Shell and Mr. Yates have had two or more years' experience in printing work and are well qualified for their positions.

The Tower is included in the registration fees and each student is credited for his Tower by having his activity card checked at the Tower desk in second floor hall at various times during the quarter. No credit will be allowed for tower coupon unless checked during the current quarter.

SOME MINNOW!

You've all heard the poem; Little fishy in the brook, Poppa caught him, etc. Well here's one that would bend a hook and keep Poppa busy for a while.

Professor T. H. (Pop) Cook of the College Social Science Department sent the above picture of himself to President Lamkin while Mr. Cook was in Yellowstone Park. Across the top of the picture he had written, "Who's, Who in Yellowstone." President Lamkin wondered how much Mr. Cook had to pay for the fish. Nearly all who looked at the picture, and the owner (Mr. Lamkin) eyed the fish enviously, nevertheless.

CHANGES MADE IN THE ARRANGEMENT OF COLLEGE HIGH

MR. DIETERICH PROUD OF NEW
ARRANGEMENTS MADE ON
FIRST FLOOR FOR COLLEGE
HIGH USE.

CHANGE OFFICES

New Bus Routes Are Announced For This Year; To Go South On Highway Seventy-One.

The College high school is to be housed on the first floor of the Administration Building in the rooms east of the main entrance. All rooms have been redecorated during the summer and present pleasing and attractive surroundings for the high school. A science room for high school classes has been made in room 101 and all of the high school science classes will meet in this room. The home economics classes will meet in room 106. This room will be equipped for the work of the department and will also be used for a regular classroom during the morning.

A part of the hall in the east part of the building has been partitioned off and will serve as a high school library and study room this year. The study hall will be room 105. The office of the high school principal will be in room 107 which formerly was used for the office of the Department of Commerce. The plan has been to centralize the work of the high school with a view of making it a more composite unit than it has ever been before.

Many pupils will be transported to the high school this year. In addition to the bus routes which were established northwest to the Wilcox community several years ago, and from which district approximately 45 pupils were transported last year, routes will be established on No. 71 south of Maryville, for approximately fourteen miles, east of Maryville on highway No. 4 for six and one half miles, and northeast of Maryville on No. 27 for approximately eight miles.

(Continued on Page 4)

STEPS FOR ENROLLING ARE ARRANGED TO SPEED PROCESS

ASSEMBLY CALLED AT 9 O'CLOCK THIS MORNING TO EXPLAIN INSTRUCTIONS FOR ENROLLING AND "WALKOUT"

WILL BE EIGHT STEPS

Student Advisers Will Aid Freshmen in Arranging Satisfactory Program Cards to Save Faculty Time

STEPS IN ENROLLMENT.

Freshmen will enroll at the College on Tuesday, Sept. 12, 1933.

First: A student who has not attended this college previously, should have a transcript of his high school credits filed with the registrar, Miss Nell Hudson, Room 203. If the student has any college credit in another institution, a transcript, together with a statement of honorable dismissal, should be filed. All enrollments will be treated as temporary until such transcripts are filed with the registrar.

A student who has attended this College previously, will get his course book from the registrar, seeing that the registrar has entered on it all the credits to which he is entitled.

Second: Attend assembly at 9:00 o'clock Tuesday morning, and fill out information blanks and receive full instructions for "walkout."

Third: All enrolling students secure blanks at the information desk in the West Library on the first floor of the College Building. Each student will then go to his or her adviser who will assist in making program and who will sign the enrollment card when the program is completed and approved. Before program card is to be approved by an adviser it must be approved by a member of the faculty of the department of Physical Education. Placards will indicate Freshman advisers and other class advisers. Students who have chosen their majors will be advised by the chairmen of the departments in which the major work is taken. High School students will secure blanks and enroll in Room 122. After the first two days' enrollment, cards are supplied by the Registrar.

Fourth: All girls will have their program cards checked and approved as to living quarters by the Dean of Women at her office in Room 209 at the east.

(Continued on Page 4)

SUMMER PLACEMENT LIST ADDS MANY NEW NAMES FOR TEACHING

RECOMMENDATIONS COMMITTEE
ANNOUNCE APPOINTMENTS
MADE AFTER THE CLOSE
OF SCHOOL.

Over One Hundred Students and Graduates Have Been Aided by College Bureau.

The College Committee on Recommendations has announced the list of placements made since the last edition of the Missourian. The Committee has been very successful this season in spite of economic conditions, and have placed a large number of graduates and former students in school jobs.

Helen Lou Busby recently signed up to teach Commerce at Mound City. Fairy Defenbaugh will have the fourth grade at Webster Groves; Delma Liggett, intermediate work at Barnard; Helen Kelly, commerce and music at Powersville; Douglas Linville, 7th and 8th grades at Bolckow; Jerome Smith will be assigned in Shenandoah, Ia., Marie Price Hull, kindergarten at Maplewood; Sara Kate Siddens, commerce at Leavenworth, Kan., Elizabeth Edwards will have the 7th and 8th grades at Carlisle; Delman Roelofson will be located in Copan, Okla., Orlo Smith will teach commerce at Boonville. Mary Esther Loucks will be at Shiloh school in Holt county.

According to an unofficial count this makes a total of 102 placements made by the Recommendations Committee or placements made with the Committee's aid. It is probable that other emergency placements will be made to fill unexpected vacancies.

STUDENT OFFICERS READY TO HELP MAKE THIS A BANNER YEAR IN SCHOOL HISTORY IF POSSIBLE

FRESHMAN MIXER TONIGHT

The annual mixer for the men of the freshman class will be held at 7:30 o'clock tonight at the Country Club under the auspices of the Student Y. M. C. A. The reception committee will be composed of upperclassmen. Every freshman is invited as the program is arranged especially in honor the newcomers to the campus.

BEARCAT SQUADS ROUND INTO SHAPE UNDER COACH DAVIS

FINE LOOKING MATERIAL IN BIG GROUP THAT HAS HELD CAMP FOR TEN DAYS.

STALCUP AIDS DAVIS

Fine Spirit Marks the Early Sessions of Practice as Coaches Fill Vacancies.

With the opening of the 1933 football camp Head Coach E. A. (Lefty) Davis and his assistant Coach Wilbur Stalcup are faced with some serious problems in football team building. Both Davis and Stalcup, however, are working hard and worrying little. The co-operation and effort of the old men and the new candidates has removed much of the burden that usually accompanies a new team.

Glenn Marr football camp. Faced with the loss of nine men Coach Davis has the task of building a strong forward wall to protect a light, but shifty and speedy, backfield. Over eighty men reported at first call to fill the positions left vacant. However the squad has been cut to about forty-five. Difficulty in obtaining work for some of the boys may cut the squad even more.

End positions are well filled with veteran material. Captain Glenn Marr, Paul Sloan and Vernon Green are all lettermen candidates for the wing positions. Moving toward the pivot position we find that veteran tackle material is missing. At guards Davis has two fine lettermen in Morrow and Sullivan. Veteran material to fill the shoes of last year's Co-Captain Mac Ruth at center is to be found in Luke Palumbo and Ray Palm. A first glance at the backfield gives the inexperienced eye a tinge of pain, for only four of last year's regulars are returning. Fritz Cronkite, fullback, Gerald Stigall, halfback, Tucker Phelps, halfback, and Joe Benson, halfback comprise the material around which the coaches must build an active backfield. The loss of Hodgkinson, Co-Captain Milner and Parker has left vacancies that will be hard to fill.

(Continued on Page 4)

Miss Olive DeLuce has returned to Maryville to take up her duties as Chairman of Fine and Industrial Arts Department. During her absence Miss DeLuce did special graduate study in Paris, France.

Gordon Trotter, a graduate of the College, who has been in school at Iowa University working toward his M. A. degree in commerce, was at the College last week. Mr. Trotter is teaching at Webster Groves. His brother, Lewis Trotter is an S. T. C. student.

It will be noticed that the tall poplar trees which lined the college drive south of the dormitory have been cut down so as to afford a better view of the building. These trees were of the short-lived variety and since they had served their purpose it seemed best to get rid of them.

IMPROVEMENTS ARE MADE IN STUDENT LIVING CONDITIONS

FULL SUPPORT TO PROGRAMS SET FORTH BY LEADERS IS NECESSARY TO HOLD COMPLETE HARMONY ON CAMPUS

NEW OPPORTUNITIES

Pull for Bearcat Teams Must Be An All-For-One and One-For-All Deal to Win.

Welcome back! May your year here be a pleasant one. After a summer of rest (or work) as the case may be, the fall term should hold much in the way of genuine appeal. Many new things have been planned for the benefit of the student body.

Things have changed somewhat in the order of living that will appeal to many of you. The old "Alma Mammy" has many problems that are up to the student body to help solve. If each member of the student group will share his or her part the load will not be great. Economic conditions have presented some problems to nearly every one here and the school as a whole has been no exception. In spite of such conditions those in charge of the school have made many improvements that will help to raise the student living standard. The improved rest for both men and women answer a just call.

The College High School has been consolidated and its quarters improved. To the practice teachers this will mean much aside from fine purpose that the high school will have in the new arrangement serving.

Many changes at Residence Hall will be appreciated by those who will make their homes there.

Where the economic measures have cut into our routine little change will be noticed. Students in school now are getting the most for their dollars that will ever be offered in the education line again in some time. Make the most of this year and help the school to carry on to the biggest year in its history.

On the athletic field the Bearcats face a hard schedule. Much of the team is a green one and it will take hard work to shape it up. Coach Davis must carry a great deal of the load this year until Stalcup, who took Iba's place, has become accustomed to his work here. Both coaches and the team need the fullest support of the student body.

(Continued on Page 3)

THE MISSOURIAN WANTS HELP FROM STUDENT WRITERS

A COMPLETE STAFF TO BE SELECTED SOON FROM THOSE THAT ASK FOR PLACES

The Northwest Missourian is the official student publication of this school. It is printed weekly and distributed without charge to the students. Just being a reader of the paper is not enough, there must also be workers, who are willing to help edit it. No experience is necessary, just drop into our office and state your case. In order to make this a representative paper the staff must be well balanced and chosen from a varied group of students. If you are interested in any phase of newspaper work we will be more than glad to have you work with us.

Each year special editions are issued for different occasions and feature stories are needed that have some interest to them. Only students who are interested in student life can write such

Society and Women's Division.....Nadine Wooderson
Remainder of Staff to be selected.

POLICY

Raise the Student's and College standards and promote higher student interest and participation in all school activities. To maintain a clean, high quality paper for the benefit of our fellow students.

TOGETHER

With the opening of a new year the school faces several new problems that will take the combined efforts of the entire group to overcome. From day to day minor items will confront our leaders that will affect the group or some of its members in some way or another. Whether the solution is satisfactory to us or not does not matter; it is our duty to carry out the plans to the best of our ability.

On the athletic field we face several new problems. We have a new coach, who was a former student here. He will need your support from start to finish to carry out his program. Coach Davis will also need the push and pull of the unit because he has a green team to put on the field. Lets help them.

In the Music department are two new men who will do their best to make that department an outstanding one. They alone cannot do it. You too, must help put over the program. Mr. Velle will be in charge of the department and responsible for its organization. Mr. Wright will head the band and orchestra division.

Regardless of the department in which you are in there will be a need of whole-hearted co-operation. The Missourian sincerely hopes that each of you will join hands with the rest and pull together to make this a banner year. Our full support is pledged.

WALKOUT DAY

Each year the students of the College hold what is known as walkout day. The events of the day are planned and under the supervision of the senior class. Early during the first hour on the morning of that eventful day someone blows a bugle as a signal to dismiss. At once everyone leaves classes and proceeds to one of the local theaters for a dime show. At the theater the events of the day are announced and a rousing time is had by all. Be a good fellow and join in when the bugle blows. It is worth the trip out to the picnic just to see some of the faculty relax and be just students again. A good time and clean fun for everybody.

P. S. The Stroller will be there in tip top shape.

CALENDAR 1933-34

1933

Sept. 12—Tuesday—Freshman Registration—9:00 A. M., Assembly.
Sept. 13—Wednesday—Registration other than Freshmen. Freshman class work begins. 6:00 P. M.—Late registration required of those registering after this time.
Oct. 12-13—Thursday-Friday—Northwest Missouri Teachers Association.
Nov. 29—Wednesday—4:00 P. M.—Close fall quarter.

Dec. 4—Monday—Registration winter quarter.
Dec. 5—Tuesday—Class work begins.
Dec. 6—Wednesday—6:00 P. M.—Late registration fee required of those registering after this time.
Dec. 22—Friday—Noon—Christmas recess begins.

1934

Jan. 2—Tuesday—8:00 A. M.—Christmas recess ends.
March 1—Thursday—4:00 P. M.—Winter quarter ends.
March 5—Monday—Registration for spring quarter.
March 6—Tuesday—Class work begins.
March 7—Wednesday—6:00 P. M.—Late registration fee required of persons registering after this time.
March 29—Thursday—Noon to Tuesday, April 3, 8:00 A. M.—Easter vacation.
April 23—Monday—Short Course opens—6:00 P. M.—Late registration fee required of persons registering after this time. No one admitted to Short Course after Wednesday, April 25.
April 26-28—Thursday-Saturday—Annual High School Contests and Track Meet.
May 20-25—Commencement Week.
May 20—Sunday—Baccalaureate Sermon.
May 23—Wednesday—Senior Breakfast, President's Reception, Class Day Exercises.
May 24—Thursday—10:00 A. M.—Commencement.
May 25—Friday—4:00 P. M.—Close Spring Quarter and Short Course.
June 4—Monday—Opening Summer Session. Registration all classes.
June 5—Tuesday—Class work begins.
June 6—Wednesday, 6:00 P. M.—Late registration fee required of all persons registering after this date.
July 6—Friday—4:00 P. M.—First Half-Term ends.
July 9—Monday—Second Half-Term begins.
Aug. 9—Thursday—4:00 P. M.—Close summer quarter.

Sept. 11—Tuesday—Opening Fall Quarter.

STUDENT PRESIDENTS WELCOME TO FRESHMEN

WILLIAM YATES, STUDENT PRESIDENT, OFFERS SUGGESTIONS FOR A SUCCESSFUL YEAR AND EXTENDS WELCOME

Pull Together is the Theme of the New President's Message to Fellow Students

There are three types of attitude that a student can take: (1) an attitude of manly striving, realizing shortcomings but honestly and earnestly determining to make good; (2) one of vacillation and procrastination, characteristic of the weakling; and (3) a negative attitude, tramping upon ideals and scornful of what the college has to offer.

The student of the first type has the making of a successful college student, which means a man of success in the world. A student of the second type is at the mercy of the winds, a burden to himself and to the college; his education may not be worth the investment. This is the commonest source of freshmen failures. A student who takes the third attitude has been admitted to college by mistake and should have but a short time to face about or get out.

This is your scholarly period. Scholarship is the primary object of the college—everything else is accessory. Apply yourself to the problem at hand and there will be no failure.

Learn how to live; associate with other students and make the most of your leisure time. The men who succeed best in life are the ones who make the best use of their leisure time while in college.

From one point of view, the object of all education is to build character. Health, scholarship, refined tastes and an attitude of reverence are all traits of character. Be free and natural. Develop confidence.

Be loyal to your school. That means, besides loyalty to your athletic teams, being loyal to the primary motives for your being in school—those of scholarship. You will fall short of many of your ideals but the consciousness of shortcomings is often the best evidence of achievement. There is comfort in knowing that this type of loyalty brings its own reward.

The Bearcat athletic teams spend many hours toiling and working in order that they may give their best when on the gridiron or on the basketball court. It is up to you to do your part and urge them on to victory by supporting the fighting Bearcats.

Whether nature has given you one talent or five talents, invest them for all that they are worth and you will derive benefits accordingly. Be of the first type of student, one of striving, work hard while you are here and you are bound to make the most of that with which nature has endowed you.

In behalf of the Student Body, I welcome you to M. S. T. C.

WILLIAM YATES,
President Student Senate.

BOOKS

STUDENTS OF THE COLLEGE:

This column of the Northwest Missourian, like every other, is for your benefit as a student of the college. It is as much your column as anyone else, with your aid it will prove a success.

Other people enjoy reading the books which have given you pleasure. Help the new students get acquainted with their literary advantages by giving your contribution of book reviews, and names of some interesting books to members of the Missourian staff.

THE SOCIAL TRIUMPH OF THE ANCIENT CHURCH

Shirley Jackson Case (Harpers)

His many years as teacher of church history and his wide research in the field of early Christianity especially fit Dr. Case to present in this book the triumph of early Christianity over the political and economic life of the Mediterranean world.

So interesting is his interpretation that it has a much wider appeal than its title would indicate. All interested in exploring the means by which individuals and institutions gain power and prestige over others, will profit greatly by reading this book.

Novels of Interest

Mandoo! Mandoo! (Winifred Holtby).
Grey Cottage, (Gertrude McPherson).
Try the Sky, (Francis Stuart).
Captain's Curio, (Eden Phillpotts).
The Curtain of Storm, (Joseph Col-lomb).
The Martyr, (Lien O'Flaherty).
A Wicked Woman, (Anne Austin).
The Old Man Dies, (Elizabeth Sprigge).
Tiger Juan, (Roman Perez de Ayala).
The Maid Silja, (F. E. Sillanpaa).

COLLEGE SUNDAY SCHOOL CLASSES READY TO BEGIN

COLLEGE BIBLE CLASSES ARE PLANNING FOR A BIG YEAR IN CHRISTIAN WORK ON CAMPUS.

ALL ARE INTERESTED

Notes Each Week On Sunday School Class Work For College Students and Young People in Paper.

Mrs. M. E. Ford extends a welcome to all Presbyterian students at the college to attend her class which meets at 9:30 o'clock each Sunday morning at the First Presbyterian church. The standard Sunday school lesson is used and it is given in lecture form by Mrs. Ford. Two or three special lectures are on the schedule for each year.

Mrs. Ford will be remembered as the former Miss Beatrix Winn who had taught in the department of English at the College before her marriage, to Senator Ford. She took over the Presbyterian class as the successor to President Lamkin.

Those who do not belong to any church should feel free to join in the attendance at Mrs. Ford's class.

The College Sunday School Class of the First M. E. Church wishes to extend a welcome to all of the college students, and invite those whose preference is this church to attend services there. The teacher of the class is Leslie G. Somerville who is a member of the College faculty. He has proven to be a good teacher and strives to help the students solve their problems.

The Epworth League meets at 6 o'clock in the basement of the church where an hour of recreation is held. Light refreshments are served. The worship hour is held at 7 o'clock where many of the problems of the young people are discussed.

The College Bible Class of the First Christian Church will be under the direction of Miss Holley of the High School teaching staff. The Christian Church has always had an active Bible Class for college students and is glad to offer students a chance to associate in Christian service.

Reverend R. M. Wickizer, pastor of the church, extends a cordial invitation to all to join in the services of this class. Christian training is a part of student life that should not be neglected and this class is making an effort to supply that training to the students. Feel welcome at the Christian church.

The Pastor of the M. E. Church, South, the Reverend H. D. Thompson, welcomes the College students to all the services of the church. The College Sunday school class of this church is one of the most active of the Sunday school classes in Maryville. It is an organized class and is under the direction of Mr. Stephen G. LaMar, Director of Information at the College. Mr. LaMar believes that good teaching theory should apply in the Sunday school as well as in the public schools and he therefore insists that the students have a part in the class work. This class meets regularly at 9:30 each Sunday morning at the church and at the close of the opening exercises of the school retires to the social service rooms of the church for special programs and discussion of lessons.

The College group of the First Baptist Church in both Sunday School and the Union is making plans for the year. They are anxious to reach every Baptist attending Northwest Missouri Teachers College. The College class will be taught by the pastor, Rev. Thurman Bowen. Special features are being planned for this group. Fellowship and helpfulness will be stressed.

A cordial invitation is extended to all who have no church avowals, to meet with the Baptist group. It is hoped that the students will help create a homelike atmosphere that will help them have a most pleasant year at College.

Raymond Mitzel was in town for a short visit recently and said that he would probably spend much of his time this fall at his home, 912 South Barrett avenue, Sedalia, Mo.

He Arrived at Dusk, (R. C. Ashby).
Bride of Quietness, (Alexander Knox).

The Kaiser Goes, The Generals Remain, (Theodore Pliyer).
Ten Years, Ten Days, (Walther von Hollander).

Free Souvenirs at Bookstore.
Get Yours.

THE STROLLER

The stroller has managed to return a few days early and nose in and out of the town, gathering tidbits of news from the college crowd.

I understand that Howard Cofer has gone veterinary on us, when the Stroller caught him hustling home the other night to help the old gray Jersey handle a matter that was too large to deal with single-handed.

We understand that the Marr-Logan partnership is planning to take out incorporation papers. If such plans are carried out Doris will probably head the firm.

Well, the Stroller wonders how Chubby Yates explains the feminine wearing apparel that he found in his coat pocket while rowing around the lake at Bigelow. We understand that he explained to Erma they were a pair of worn out water-wings and immediately threw them away.

Whenever the Great McDaniels, of Oklahoma sagebrush fame, takes a box of candy to his girl he also takes a box of bones to the family dog. It seems funny how a stranger from Oklahoma can make friends with the dog, so quickly. Perhaps he uses some of that famous Oklahoma 'Bill' Murray influence.

It also might be of interest to some to note that McDaniels is always surrounded by a number of high school admirers. Some fourteen or fifteen to be exact. In fact it takes that many to surround him. Many of these fair young things sit and sigh whole evenings away at McDaniels' rare witticisms.

We understand that Johnny Johnson has in his possession the Captain's Trophy which was awarded by Captain Condon to the most progressive young man in the battery. When interviewed, Mr. Johnson stated that he owed his success to the fact he followed the old adage 'an apple a day is worth two in the bush,' and also that 'a stitch in time gathers no moss.'

The Stroller ran across Hal Bird this summer playing his usual brand of terrible baseball. 'Buzzard' or 'Hook' as he is known to some has gotten to the point where he can't even pick up grounders.

The Stroller caught L. N. Bricken and Nadine Wooderson hobnobbing over a 'coke' the other night. One 'coke' we said, with two straws. Wooderson looks as though she might have caught her head in a revolving door, anyway she has an awful cute curl for that hair. No end of witsfulness has been added to this dainty smile by a month of rest.

'Little Plug' Staleup is back to help his big brother coach the teams, but will probably get spanked for his efforts.

The Stroller has had sun spots before his eyes for days since passing the new paint job at the Tau house.

The Stroller, while climbing high in an apple tree, one of President Lamkin's apple trees, was reminded by the swaying of the branches that some of our Boy Scouts who made the trip to Chicago with the 128th P. A. could sure put it out but couldn't take it when it came to riding on the boat. It is rumored that our illustrious student president, one Willie Yates, made the entire trip from Chicago to Michigan City and back by rail. What the Stroller means is the single rail over which you lean while you cast your bread upon the waters.

The Stroller as yet has received no apologies from the Southwest Standard, the publication of Springfield State Teachers College, for having so ignobly swiped the title of this column and used it in their papers.

The Stroller laid eyes on a young blond Miss from Bethany who, it is rumored, will enroll here today. The only comment that the Stroller can make at this time is hoo-ray for Bethany.

The Stroller has learned that the tour of Norma Ruth Logan into Oklahoma was most extended and most successful.

Amos Wright and Barney Cowden returned looking in the pink of condition. Barney has already mentioned the fact he is ready for hard labor which has always been one of his strong points?

The truth about Dan Blood's trip to the Ozarks would put some laugh aches in your sides, but you will have to come to our office and ask about it, since it cannot be printed.

Now that school has started Roland Russell has instructed us to inform the student body that his address will be Maryville, Mo., instead of Cameron (same state) where he spent most of the summer.

Well, we wonder how many red-heads there will be here this year, since hennas are up fifty cents per shot. We will bet that some of these firey locks will be back to normal by mid-winter. Our policy will remain this year as it has in the past, never give a red-head a break.

With the new social director being appointed at Residence Hall it looks as if the girls will have to learn to eat with their forks, and learn not to slide down banisters.

SPARKIE SAYS ALL LOOKS WELL FOR A RED HOT SEASON

PEP CLUBS ARE ON THE MOVE ACCORDING TO LAST YEAR'S MAN WHO AROUSED PEP.

Purpose of the Pep Organization is Explained For Benefit of the Newcomers

I arrived in town a few days ago with the necessary \$22.50 for enrollment. Tuesday morning came and I started up the long walk with doubt in my mind as to the pep of the students this year. I had just rounded the first corner when I met a Green and White Pepper: I didn't have a chance to say a word. This Pepper just bubbling over with pep, said 'Oh, Sparky, I have been talking to the girls and are we going to have a pep squad this year?'

Satisfied I wandered on up the walk and as I came to the famous old birch tree there sat a Growler and a Barkatze practicing yells for the game September 22nd against Peru. I just came on up and planked down my \$22.50 and smiled as I did it.

Now, let me explain to the new students what a Green and White Pepper, a Barkatze and a Growler is. All three are pep organizations. The Peppers are composed of co-eds, the Growlers of men, and the Barkatze of both men and women. These pep squads are organized to aid and create pep and enthusiasm to help the Bearcats have another championship team.

Come on students, let's go.—"Little Plug."

PERU HERE SOON FOR ANNUAL STRUGGLE

About a week after the opening of school the Bearcat team will face one of its hardest foes of the season. The Peru, Neb., State Teachers College team will play Maryville on the Bearcat field September 22. Peru has long been a hard foe for the Green and White aggregation, and this year will prove no exception. Complete details of the past Bearcat-Peru games will appear in the next edition of the Missourian.

TENNIS COURTS RESURFACED

During the past few weeks a new surface has been applied to the College tennis courts. Rock and clay have been furnished without charge for this purpose and a good playing surface has been worked out. Only two courts are complete at this time but within a week the remainder will be finished. Heretofore the courts have been rather rough due to the loose gravel that has been on them. With the new clay and rock base, however, the surfaces will be firm and smooth.

WELCOME FRESHMEN TO S. T. C.

(Continued from Page 1)
plan that is to the interest of the student body and the school. Mr. Merrihan, the Vice-President, is a student leader and is looking to the interests of those he represents. You are to feel that the Student Government Association is the one means by which the students problems are handled in an effort to make our four year associations better.

This year the Student Government Association has published a new Student Hand Book that will be ready for distribution soon. This booklet will be your guide to campus life where definite rules are not announced.

The Northwest Missourian is the official campus publication and is under the guidance of the Student Senate. It is issued weekly by a staff made

NEW FACULTY MEMBERS

Reading left to right: Miss Margaret Stephenson, Social Director at Residence Hall; Professor Velle, head of the Music Department, who will fill the vacancy left by the death of Mr. Charles Gardner; Mr. Wright, Instructor in Band and Orchestra.

TRI SIGMAS HOLD NATIONAL MEETING AT WORLD'S FAIR

SORORITY ORGANIZED IN 1898 HOLDS ITS EIGHTEENTH BIENNIAL MEETING THIS SUMMER IN CHICAGO

Local Chapter Sent Two Representatives Who Brought Back Much to Aid Their Organization

Sigma Sigma Sigma's Eighteenth Biennial National Convention was held in Hotel Belmont, Chicago, Illinois, July 6-11.

Dr. R. E. McConnell, president of the State Teachers' College, Ellensburg, Washington, gave the principal address at the formal opening. Dr. McConnell represented the new and forward-looking type of college president who is keenly alive to the social problems of the day and is much in sympathy with the leaders of Sigma Sigma Sigma who have always felt that such organizations had great opportunities among the students at institutions where the chapters exist.

It was indeed a Convention of Progress. The World's Fair—for Tri Sigmas at least—sank into insignificance compared with the gaiety of events which started with the opening session. An interesting and thrilling bus ride through Chicago's parks and boulevards followed by one of the good old Sigma Singings marked the close of a busy first day.

From nine-thirty in the morning on Friday, the second day of Convention,

until late in the afternoon, matters of routine business were considered by those assembled in the ballroom of Hotel Belmont. The only interruption was a period allowed for luncheon. Much was accomplished by the session, and the matters were handled with dispatch. The morning and part of the afternoon sessions were devoted to the reports of active delegates.

A feature of the program at the Presidents' Dinner that evening was an address by Dr. Joseph Rosier, President of the National Education Association, whose National Convention had just terminated.

The National Officers and fifteen National Chairmen, out of a possible eighteen, registered at Convention Headquarters. Active delegates and visiting Sigmas grasped the opportunity to meet and know those women with whom they corresponded throughout the periods between Conventions. It was this personal side of Convention which meant so much to everyone who attended such a representative gathering.

Saturday, July 8, was Alumnae Day. The active delegates relinquished their seats on the front rows to watch these experienced Sigmas demonstrate their abilities. The buffet supper and "stunt night" was the night for everyone. The National Officers rightfully won first prize!

Memorial Services for the Omega Chapter of Sigma Sigma Sigma, were held in Saint Peter's Episcopal Church, Sunday, July 9.

After luncheon, business crowded the day. A model business meeting, in

which the entire active delegation participated, Installation of officers, the Convention Banquet, Pledging Service, Initiation Service, and the Circle Degree, followed by call meetings and informal gatherings, brought the entire business of Convention to a close.

One day of entertainment was held in store for Tri Sigmas until Monday, July 10, which was known as Tri Sigma Day at A Century of Progress—the World's Fair. Each Sigma was given a ticket to the Fair, and a bus ride to and from the grounds. Leaving business in the background they each entered into the spirit of the Fair wholeheartedly. As they returned to Headquarters that evening, it was evident that no one regreted having gone—far from it!

It requires the presence of a Founder of Sigma Sigma Sigma to round out a perfect Convention. Lucy Wright James one of the eight to whom we owe the very existence of our organization came from Newport, Virginia, to be present at the Eighteenth Biennial Convention. Lucy Wright James said "When I look over the exhibits, I am simply awed with what it all means. Little can I realize that the efforts of eight serious minded girls 'way back in 1898 could grow and expand into such an organization. I am glad to say, as a Founder, that Sigma Sigma Sigma has never strayed far away after all, in the race of life, it is not where we begin, but where we end, that counts."

RUSHING SEASON OPENS FOR THE GREEK HOUSES

ALPHA SIGMA ALPHA, SIGMA SIGMA SIGMA, SIGMA TAU GAMMA AND SIGMA MU DELTA PREPARE FOR PLEDGING OF NEW STUDENTS

CHAPTER HISTORY OUT

Sororities Will Have Headquarters at Residence Hall This Year Instead of in Local Houses as in the Past

The Missourian feels that some notice should be given the Greek letter organizations on our campus. Some member of each of the four groups has written a short resume of their chapter's history in this school. The four groups here listed are social orders. The honorary organizations will be reviewed as soon as school has opened and members of those groups interviewed.

M. S. T. C. has four well established Pan-hellenic groups. Each is nationally connected and offers its members much in the way of social life. The following inserts will give some idea of their backgrounds:

Miss Margaret Humphreys, of Laredo, is president of the Sigma Sigma Sigma girls social sorority while Miss Margaret Maxwell of Cameron is president of Alpha Sigma Alpha sorority. Howard Cofer of Fairfax is president of the Sigma Tau Gamma men's social fraternity and John Heath of Maryville is president of the Sigma Mu Delta fraternity at the College.

As early as 1907 the Delta Chapter of Sigma Delta Chi was in existence at Maryville. Other chapters were in the State Teachers College at Warrensburg and Kirksville. This group of Sigma Delta Chi girls in Maryville stayed active until 1914 when the chapters at Kirksville and Warrensburg were taken into Sigma Sigma Sigma. Just at that time the Board of Regents of this College barred such organizations by a formal ruling. This denied the Delta chapter the privileges of becoming Sigma Sigma Sigma's at the time the other chapters were so honored. In 1926 the Board of Regents rescinded the order against sororities. Almost immediately a group of girls were selected as the nucleus for a chapter of Sigma Sigma Sigma. By November 1926 a formal petition was made to the National Council of Sigma Sigma Sigma for the granting of a charter for both an active and an alumnae chapter.

Mrs. Homer Ball, Holden, Missouri, National treasurer; Mrs. William Stryker of Parsons, Kansas, National vice-president; Miss Stella Thompson and Miss Mildred Jo Humphreys of Mu chapter at Warrensburg, and Miss Viola Magee of Nu chapter at Kirksville formed the installation team.

Twelve alumni members, twelve active members of Sigma Delta Chi, and thirteen pledges were initiated. At that time the sorority set no definite time for pledging members. There was no Pan-Hellenic association on this campus and there were no particular rules governing the actions of fraternities and sororities.

Miss Hudson and Miss Anthony became the able sponsors.

Alpha Sigma Alpha cordially welcomes to the S. T. C. campus both those students who are enrolling here for the first time and those who are returning for advanced work.

Phi Phi Chapter of this national social sorority was installed at the College in 1928. For the 1933-34 school year, the following officers have been elected:

President, Margaret Maxwell of Cameron; vice-president, Georgia Schulte, Oregon; registrar (rush captain), Grace Helen Goodson, Ravenwood; treasurer, Mildred Hotchkiss, Maryville; secretary, Winnifred Todd, Maryville; chaplain, Loretta Gooden, Ravenwood; collegiate representative, Margaret Knox, Maryville; and editor, Jean Patrick, Bethany.

Sigma Tau Gamma Fraternity, national social organization for teachers colleges only, was founded at the Warrensburg State Teachers College at Warrensburg, Mo., on June 28, 1920.

Theta Chapter at Maryville was organized April 2, 1927. Theta Chapter is the outgrowth of the Knights of the "Golden Cord" and Epsilon Kappa Sigma. The Knights of the Golden Cord were a group who had banded together in 1923 for strength in a political revolt in school. The organization was not connected with the school in anyway.

The organization was strictly a secret. The Greek letter name SKS was adopted in 1924 and although fratern-

Changes Made In the Arrangement of College High

(Continued from Page 1)
miles. The college has purchased a new bus which will be used exclusively for the transportation of pupils to the training school.

College high school will offer excellent opportunity for those interested in music. In addition to the chorus and glee clubs which were organized last year, it is hoped that there will be sufficient interest to begin organizations in band and orchestra this year. A number of pupils have expressed a desire to join such organizations.

The College high school offers a wide selection of courses of high school rank and is fully accredited by the Missouri State Department of Education and by the North Central Association of Colleges and Secondary Schools, which means that the work done by the pupils is accepted anywhere in the United States for college entrance or high school credit. The high school will again be in charge of H. R. Dietrich, principal, and the supervisors in charge of practice teaching.

The Missourian Wants Help From Student Writers

(Continued from Page 1)
stories. An editor or an associate editor can't go out week after week and find the spirit of the ever-changing campus, that is the job that new students can play. New students notice many interesting things that seem common place to most of us but which we enjoy having pointed out now and then. Come in and show some interest in the school paper.

In the spring part of the staff go to Columbia to the state journalism meeting. Staff members who show signs of work and drive in the journalistic line are chosen to represent the Missourian at this meet. Why not be one of us? Send in your short stories, poetry and general items or suggestions that will help make a better paper.

Bearcat Squads Round Into Shape; Under Coach Davis

(Continued from Page 1)
develop material for.

In an interview this week Coach Davis said, "If it were not for the fine spirit displayed by the old men in their willingness to show the new ones how our system works the job would be a much harder one than it is. Likewise the spirit of the new fellows in showing their eagerness to learn from the veteran players has aided the cause." Coach Stalcup also spoke highly of the fine working and fighting spirit shown by the boys.

Short interviews with the sideline coaches (onlookers) and from a week's observation of the men in action one can gather that there is much material to be found among the new men. Though all can not be mentioned at this time that have impressed the staff as outstanding there are the following who have claimed special attention because they seem worthy candidate for the terribly weak spots on the team. In the backfield Francis, Arbogast, Roulon and Smith are the most impressive at this time. Among the incoming line-men that seem to click with the machine are Olsen, Richards, McDaniels, Roush, Humphrey and Baker. Among last year's reserves who are coming to the fore are Borgmeir, O'Connor, Brown, Payne, Meredith, Slaybaugh and Adams.

In spite of the greenness of the material a hard fighting, smooth-clicking Bearcat eleven can be looked for this season.

nities were forbidden on the campus several faculty members were in sympathy with the boys.

The first house the Tau's had was rooms on West Seventh, then one year south of the campus on West Second, three years on South Main and in the fall of 1932 we moved to 523 West Fourth street where we are now located.

We extend a hearty welcome to all old and new students alike.

The Gamma Chapter of Sigma Mu Delta, a national social fraternity, extends a greeting to its many former friends and hopes to make many new ones among the incoming students.

This chapter of Sigma Mu Delta was installed on this campus in the winter of 1930. Starting out with but ten loyal members the organization has grown to one of first rank on the campus. The aim of this fraternity is to incorporate within its members the high ideals of Masonry and DeMolay as well as to further their social life upon the campus.

The officers of the organization for the coming year are: John Heath, president; Robert Perkins, vice-president; John Peterson, secretary; Paul Shell, treasurer; Ralph Westfall, editor.

Steps for Enrolling Are Advanced to Speed Process

(Continued from Page 1)
end of the second floor. Students who have not already secured living quarters may secure a list of approved homes from the Dean of Women.

Fifth: The incidental and activity fee is to be paid to the Treasurer in Room 115 on the first floor of the College building after the card has been signed by the adviser. An incidental fee receipt and an activity card will be given. After the first two days of enrollment the Treasurer will be at the Citizens State Bank. This fee is not subject to refund.

Sixth: Book deposit is to be made at the table adjoining the Treasurer's desk in Room 115 on the first floor of the College building and receipt is to be secured which entitles the student to textbooks. After the first two days of enrollment the book deposit will be made in the office of the Business Manager.

Seventh: The incidental receipt and course cards are to be filed with W. A. Rickenbrode, Business Manager, at his office in Room 202. Lockers will be assigned by the Business Manager.

Eighth: Secure textbooks at the College Supply Store, Room 215, upon presentation of receipt of textbook deposit.

Students to Aid

Representatives of the Student Senate will be on hand to aid in the enrollment of Freshmen. These students understand many of the Freshman's problems and are glad to be of aid to the new students. Consult them when in doubt.

Issuance of Books By Supply Store

Books used in classes are supplied by the College Supply Store to students who have made the library and textbook deposits. When a book is issued, the student signs a receipt for same. When the book is returned the student should claim and keep the receipt signed for it. Unless the receipt is claimed, the student cannot be given credit for the return of the books.

Attendance at Assembly

Students who are assigned to do practice teaching, or who for other reasons which to be excused from assembly, must file a request for excuse in the office.

There are three administrative regulations which are to be met—i. e., the payment of fees; the Physical Education requirement; and attendance at assembly. Failure to meet any of them is sufficient cause for reduction of or withholding credits.

Student Advisers

Business adviser: Mr. A. H. Cooper. In addition to Mr. Cooper, other advisers are as follows: For those whose names begin with A-F inclusive, Miss Mary Keith; for those whose names begin with G-L inclusive, Dr. J. W. Hake; for those whose names begin with M-R inclusive, Miss Estella Bowman; for those whose names begin with S-Z inclusive, Dr. O. M. Mehus.

The social adviser of the Freshman class is the Dean of Women.

Freshmen will be divided into groups and assigned to Freshman, English and Citizenship according to the following schedule:

For students whose names begin with A-F inclusive, fall term, Cit. 20; winter term, Eng. 11a; spring term, Eng. 11b.

For students whose names begin with G-N inclusive, fall term, Eng. 11a; winter term, Cit. 20, Eng. 11b; spring term, Eng. 11b.

For students whose names begin with O-Z inclusive, fall term, Eng. 11a; winter term, Eng. 11b; spring term, Cit. 20.

As the number in each class is limited, the groups will take the subjects as assigned if they are to be taken this year.

English 11a, English 11b, and Citizenship 20 are required of all students. The requirement of English 11a must be met during one of the first two quarters the student is enrolled, or as soon thereafter as possible. The Mathematics requirement for students with less than 3 units of High School Mathematics must be met or partly met during the Freshman year.

Reading of Regulations

Students are expected to read the regulations in the College catalog and to conform to them. The student, neither the College nor a member of the faculty, is primarily responsible for meeting requirements for a certificate or degree, or for a specified teaching position.

There will be a rally of the Christian Endeavor's of this district, at the Presbyterian church, at 2:30 p. m., Sunday, September 17. The meeting will be under the direction of Alfred C. Crouch, field secretary of C. E., for the State of Missouri. Anyone desiring to attend will be welcome.
